

Proven to be better.

There's never been a better time to think differently about engine oil.

# It's time to reconsider your engine oil.

Mobil Delvac™ 1300 Super engine oil delivers excellent wear protection and high-temperature performance that can help extend life. This can add up to:

- **Less downtime**
- **Lower maintenance costs**
- **Longer engine life**

## Wear protection

## Better than their synthetic blends.

Mobil Delvac™ 1300 Super is so technologically advanced that it protects better than our competitors' synthetic blends.

- **A better alternative to more costly blends**
- **Why pay more for an engine oil and get less protection?**

## Wear protection

## Our 10W-30 beat their 15W-40.

Our advances in lubricant technology have enabled significant enhancements in wear protection. Mobil Delvac 1300 Super 10W-30 standard formulation delivers:

- **The fuel economy potential of a 10W-30**
- **The enhanced wear protection of a 15W-40**

## A better choice.

Mobil Delvac 1300 Super is a game-changing engine oil. It's time to put its outstanding wear protection to work for you.
