

Easy Installation

Connect your dongle to your car in 5 simple steps.

STEP

1

Download the Mobil 1 Care+™ app and register via portal.mobil1careplus.com/register
(Email verification required to complete registration)

STEP

2

Plug the Mobil 1 Care+™ dongle into your vehicle's On-Board Diagnostics (OBD) port.

STEP

3

Wait 2 seconds for a beep to indicate a successful connection.

STEP

4

Start your engine. Wait for 3 beeps.

STEP

5

Log into the Mobil 1 Care+™ app and pair your phone to the dongle via Bluetooth and verify your car is connected.
